Careers with Primatics

In keeping with our firm's mission and vision, Primatics Financial's number one priority is to maintain top-level, well-trained, and ambitious individuals to meet our clients' needs. We do this by fostering an energetic, fast-paced work environment that encourages learning, creativity and teamwork.

Primatics employees thrive in a culture of challenge, growth, collaboration, and productivity and are valued for their contributions through compensation, professional growth experiences, and a dedication to work/life balance.

ENGAGEMENTS

Primatics employees are more than just an extra body to help our clients. They are an integral part of a strategic solution catered to facilitate our clients' growth. Whether they are recommending a solution to our client or helping build out and implement that solution, they are providing the information required for our clients to make informed and timely decisions that impact their business.

TRAINING & CAREER DEVELOPMENT

The Primatics University is a unique offering of in-house training spanning everything from business and industry content to consulting and management styles, along with technical and systems training. Courses are selected, designed and facilitated by our employees, management team and advisors.

MENTORSHIP

Growth is essential in our business in order to stay ahead of the curve. In our firm, teamwork and collaboration reign and you can expect to be paired up with someone who will not only inspire you, but equip you to excel at everything you do.

COMPENSATION & BENEFITS

We do what we do because we love it, but a robust compensation and benefits package certainly never hurt. Our employees are rewarded with competitive base salaries and variable annual bonuses in addition to a full benefits package. The benefits package includes everything from medical, vision and dental to flex spending accounts and matching 401K programs.

Primatics Financial is a rapidly growing business consulting and technology solutions firm that offers services and software products to financial institutions and government agencies serving the financial services sector. We are based in McLean, Virginia and employ over 200 professionals in support of our two primary lines of business, Primatics Consulting and Primatics Systems.
